IN THE MATTER OF TRUE CODES ADDENDUM

Megan Smith, Human Resources Director, presented the True Codes Addendum. Several medications are assigned a billing code, which is used for the purpose of billing medical plans for reimbursement for a drug and its administration. These drugs commonly, but not always, involve more complex administration than a patient is typically able to provide for themselves. Claims often have limited information regarding dose or quantity of the drug being administered. A True Code review is the process of evaluating the medications for potential cost reduction of the treatment. This may involve evaluating the appropriateness of the medication to be given in an alternative site of care, such as home infusion, and/or evaluating the cost of the medication if it was processed through the pharmacy benefit instead of the medical benefit.

True Codes will consist of a qualified pharmacist from True Rx's staff, reviewing members' records, identifying medication, evaluating appropriateness of the medication to be given at alternative sites of care, and evaluating the cost of the medication through the pharmacy benefit.

This could be a major cost savings for the member and the Plan.

Commissioner Wolfe moved to approve the True Codes Addendum. Motion seconded by Commissioner Beyer; motion passed unanimously 3-0.

IN THE MATTER OF MOU BETWEEN BOONE COUNTY AND CITY OF LEBANON

County Attorney Bob Clutter presented the Memorandum of Understanding (“MOU”) between Boone County and the City of Lebanon memorializing the matters pertaining to certain real estate owned by Boone County with various improvements. In late 2005, the City of Lebanon began the process of annexing property into the city. Boone County did not object to the annexation based upon a commitment that the County would retain all land use and permitting jurisdiction and decisions (in accordance with I.C. 36-7-4 and related statutes) for County owned property. A copy of the MOU has been sent to legal counsel for the City of Lebanon prior to today’s meeting for review.

Commissioner Wolfe commented on his disappointment how this was addressed during the last council meeting by Mayor Matt Gentry. Some people left the meeting under the impression that the County did not take the proper steps on obtaining permits for the Boone County Justice Center expansion project. There were meetings held in November/December of last year with Mayor Matt Gentry and legal counsel to discuss MOU. County Attorney Bob Clutter drafted the MOU and sent it to the City on January 16, 2023. The County has not received comments from the City of Lebanon or their legal counsel regarding the MOU. Commissioner Wolfe has personally met with former members of the City of Lebanon Council who were on the Board during the time of the annexation, and they have also agreed that this was their understanding at that time.

Commissioner Wolfe moved to approve the Memorandum of Understanding between Boone County and the City of Lebanon. Motion seconded by Commissioner Beyer; motion passed unanimously 3-0.

It is very impressive that he was able to get many entities together and work on the collaboration for this Grant application in such a short time period. This would be a very effective tool to expand our treatment with several of these programs.

Commissioner Wolfe recommended creating a sub-committee to make final decisions on the monies if the County is awarded funding from the Opioid Grant. Commissioner Wolfe moved to appoint Michael Nance, Councilman Don Lamb, Councilwoman Jennifer Hostetter, and himself to the sub-committee.
